April 19th, 2019 – Thus as mothers became increasingly physically inactive and sedentary in the latter half of the 20th century, their PA fell below the metabolic tipping point. This loss of metabolic control increased the availability of sugar glucose and lipids to the intrauterine milieu during pregnancy.

Tishanna’s Kitchen Home Facebook
March 26th, 2019 – My husband and I attended Tishanna’s first cooking class and we had a lot of fun. We loved the fact that participants had to share one kitchen and had to work together to make a meal then eat together. We also loved that the class was focused on food security and we only used fresh ingredients and cooked the meal from scratch.
