Mercedes Sprinter Diagnostic Plug Location

Location of 38 pin diagnostics socket on W220 2000 model
April 28th, 2019 - Location of 38 pin diagnostics socket on W220 2000 model. For the last two days I've tried to search on the internet where the 38-pin diagnostics connector is located on a Mercedes S320 2000 W220 model. Most people say it is near the fuse cluster under the hood, but I can't find it. Could anyone kindly show me where it is on this picture?

Sprinter OBD II compliant Archive Sprinter Forum
April 25th, 2019 - I drive a 2005 Sprinter SHC. I recently purchased a universal trouble code scanner that is both OBD II and CAN compatible. The engine 2.7 litre turbo diesel emission sticker states that this vehicle is OBD II certified. It has the standard 16 pin female plug located under the dash drivers side.

Edc Light On 311 Cdi Any Ideas Mercedes Benz Owners
April 27th, 2019 - Hi mate, the glow plug light is nothing to do with the edc light. The glow plug light is on because the red feed to the glow plug relay will be broke or water will have got to it under the battery tray. It will not stop the van from starting. Not sure about the edc any more info about it is it only when you fill up with fuel or all the time? P.S.

OBD II Compliance Mercedes Benz Owners Forums
April 19th, 2019 - This question refers to a Mercedes Sprinter 316 Chassis Ref WDB903 2700cc engine first registered in late 2003. Is this vehicle OBD II compliant? I use a ScanTool SX scan tool from ScanTool.net. It has the normal 16 pin diagnostic pin set that plugs into the vehicle's socket. This works OK on my newer vehicles.
