Mercury Outboard Oil Filter Cross Reference

Oil filter cross reference Boat Repair Forum
October 9th, 2018 - I'm sure that this has been discussed many times but I can't find anything using the search function. Does anyone have an oil filter cross reference for an 06 F115 four stroke? I'm pretty sure that either a Purolator Pureone PL14610 longer version or PL14612 filter is a suitable replacement for the Yamaha filter I've been using the PL14610 on my motorcycle Honda VTX1300R for the past 5 years.
