I have a 5.0 Mercuriser with Thunderbolt IV ignition
February 4th, 2019 - I have a 5.0 Mercuriser with Thunderbolt IV ignition. I'm not getting any spark. I just replaced the ignition sensor assembly along with a new coil. There is a updated sensor assembly different that the one I had. The old one only had 2 Terminals and the new one has wires. I have made the connections but the new one had a black ground wire.

BoaterEd Alternative to the Thunderbolt IV Ignition System
April 19th, 2019 - The current engine is a 1995 Mercruiser 4 3LX Mounted on the distributor is the module from what I've read it rarely goes bad. I guess I'm the lucky winner. This part is hard to find and very expensive. It might cost a few bucks more but I'm considering switching from the Thunderbolt IV system to an alternative.
