United Kingdom England World Health Organization
April 28th, 2019 - viii Health systems in transition United Kingdom England World Health Organization WHO Regional Office for Europe Health for All
Comparison of the healthcare systems in Canada and the United States is often made by government public health and public policy analysts. The two countries had similar healthcare systems before Canada changed its system in the 1960s and 1970s. The United States spends much more money on healthcare than Canada on both a per capita basis and as a percentage of GDP.

R Paul Olson used books, rare books, and new books.
