How to Locate the 4 Drain Plugs on a 4.3 Mercruiser Engine
April 19th, 2019 – The 4.3 Mercruiser engine is a popular inboard motor for boats. It is equipped with four drain plugs. Before boats are stowed away for the winter they must undergo a process known as winterization. This means that the engine is completely emptied, cleaned, and antifreeze is applied so that damage does not occur over the cold season.

Mercruiser One Drain Plug Block System Leaking 10-06-15
April 6th, 2019 – This is the one point drain system that was used on the Mercruiser engines for a short period of time. From the research I have done it was a poorly thought out system that resulted in a number of failures.
