amg s affalterbach germany plant, so much so that with proper maintenance and sometimes without they ll
last indefinitely typically the engines that most people will recognize as half million mile motors are
mercedes diesels well you d be surprised where a proper maintenance regime will get you in this case it s a
273k mile m113, ultra high voltage the mercedes swap shop 159 likes custom electronics configuration for
everything mercedes custom engine swap services available as well so i want to put this engine m113 e50 i
found one at wreckyard the engine is still the car will be a mid engine project and guess what the car will be
manual, second stage mercedes r129 sl500 with manual 6 speed gearbox now with much stronger clutch 600
nm but on this stage i have few other problems too weak clutch pump and clutch slave cylinder, the m112 is
the current v6 engine mine is the 2 6 in my 01 c240 this is the same engine except different bore stroke as the
3 2 as in the new c320 and the e320 the engine i saw apart was a v8 which is basically the same engine except
with two extra cylinders this is an absolutely state of the art engineering masterpiece, the mercedes benz
m112 engine is a gasoline fueled 4 stroke spark ignition internal combustion automobile piston v6 engine
family used in the 2000s introduced in 1998 it was the first v6 engine ever built by mercedes a short time
later the related m113 v8 was introduced all are built in bad cannstatt germany except the supercharged
amg e32 amg which is assembled in affalterbach germany, mercedes m113 manual transmission ebook
